

Important - Before You Go Over the Guide

Wishlist Member WooCommerce Plus was developed to integrate Wishlist Member and WooCommerce to allow you to sell membership products.

Wishlist Member WooCommerce Plus can be used for 2 scenarios:

1. **Local Membership Products** - WooCommerce & Wishlist Member are installed on the EXACT same domain and WordPress installation
2. **External Membership Products** - WooCommerce & Wishlist Member are installed on SEPARATE domains (different WordPress installations)

To get to the part of the guide relevant for you, please answer the below question:

Are Your WooCommerce Store and Wishlist Member membership site installed on the exact same domain and WordPress installation
OR are they installed on different domains?

Introduction to External Membership Sites Add-Ons Bundle

*** Relevant only if your WooCommerce store and Wishlist Member are located in 2 different WordPress installations**

If your WooCommerce store and Wishlist Member membership site are installed on separate websites you will need to also get the External Membership Sites Add-Ons Bundle.

Examples of Different Websites

Different domains:

- Your WooCommerce store is located in - <http://yourstore.com>
- Your Wishlist membership site is located in - <http://yourmembership.com>

Different sub-domains:

- Your WooCommerce store is located in - <http://store.yourdomain.com>
- Your Wishlist membership site is located in - <http://membership.yourdomain.com>

Different directories:

- Your WooCommerce store is located in - <http://yourdomain.com/store>
- Your Wishlist membership site is located in - <http://yourdomain.com/membership>

The External Membership Sites Add-Ons Bundle includes 2 add-ons:

- [The External Membership Sites Add-On](#)
- [The Remote Access Add-On](#)

The External Membership Sites Add-On

The External Membership Sites Add-on is **installed on the same website where your WooCommerce store is** and it allows you to manage all external membership products in one table.

The External Membership Products table will be displayed only after you install and activate the add-on.

The information displayed in the table includes:

- **Product Name** – The product's name
- **Status** – The product's status, for example: published / draft / pending
- **Website's URL** – The URL of the membership site users will register to when purchasing the product
- **Level ID** – The membership level's ID
- **Authenticate** – Notifies you if the integration between your store and the membership site is successful for each product (will be explained further in the manual when we explain about the Remote Access add-on)
- **Actions** – You can click to edit the product's details

The Remote Access Add-on

The Remote Access Add-On is **installed on your membership site** and **not** on your WooCommerce website. The Remote Access add-on connects your online store and your membership site, and make sure that members will be registered to the relevant membership site correctly (both new and existing members).

You must have the Remote Access Add-On installed on every external membership site you want to register members to.

After you activate the Remote Access add-on, you will be able to see all the information you need in order to set the integration between your membership site and your WooCommerce store.

You will see 2 types of information:

1. General Wishlist Member information

The screenshot shows a web interface with a top navigation bar containing five tabs: 'Dashboard' (with a shopping cart icon), 'Membership Levels Products', 'License Information', 'Support', and 'Other Products'. The main content area is titled 'Wishlist Member WooCommerce Plus Helper - Membership Levels Products'. Below the title, there is a paragraph explaining that this page provides information for creating an external membership site's products tab in a WooCommerce store, and offers instructions on how to use the encoded settings or refer to the documentation portal. A section titled 'General Wishlist Member Information' follows, containing two fields: 'Website URL' and 'Wishlist Member API Key'. Each field has a text input area with a blurred placeholder and a descriptive note below it. The 'Website URL' note states it can be used to enter product details manually. The 'Wishlist Member API Key' note states it can be used to enter product details manually and includes an important warning that changing the API key requires re-entering details for all external membership products.

How Many Licenses Will I Need for Each Add-On?

For **every** WooCommerce store you will need **1 license** of:

- Wishlist Member WooCommerce Plus Plugin
- External Membership Sites Add-On

For **every** External membership site you will need 1 license of:

- Remote Access Add-On

For example:

If you want to sell all your products from **one WooCommerce store**, and you want to integrate your store's products to **3 membership sites** you will need:

- Wishlist Member WooCommerce Plus Plugin – 1 License
- External Membership Sites Add-On – 1 License
- Remote Access Add-On – 3 Licenses (one license is issued to you for free when you purchase the External Membership Sites Add-On)

If you want to sell all your products from **2 different WooCommerce stores**, and you want to integrate all products from **2 stores** to **one membership site** you will need:

- Wishlist Member WooCommerce Plus Plugin – 2 Licenses
- External Membership Sites Add-On – 2 Licenses
- Remote Access Add-On – 1 License (one license is issued to you for free when you purchase the External Membership Sites Add-On)

Complete Activation Process Summary in 4 Steps

Follow the steps below to have the External Membership Sites & Remote Access Add-Ons fully activated and functioned on your membership site.

Detailed information about each step will be given further down this manual:

Step #1: Downloading the Add-Ons

The External Membership Sites add-on does not have a zip file, only a license key. Download the Remote Access Add-Ons zip file from the Purchase Receipt you received to your email.

Step #2: Installing & Activating the Add-Ons

Install the Remote Access add-on zip file on your Wishlist Member membership site just like any other WordPress plugin from the Plugins menu > Add New.

Step #3: Activating the Add-Ons Licenses

Activate the add-ons' license using the license key you received to your email.

The External Membership Sites add-on license key needs to be added in the License Key field on your WooCommerce website inside Wishlist Member Easy Digital Downloads Plus > Add-Ons

The Remote Access add-ons license key needs to be added in the License Key field on your Wishlist Member membership site

Step #4: Setting Up ad New External Membership Product

In order to integrate WooCommerce and Wishlist Member and start selling external membership products you need to follow the 4 simple steps as described in Step 4.

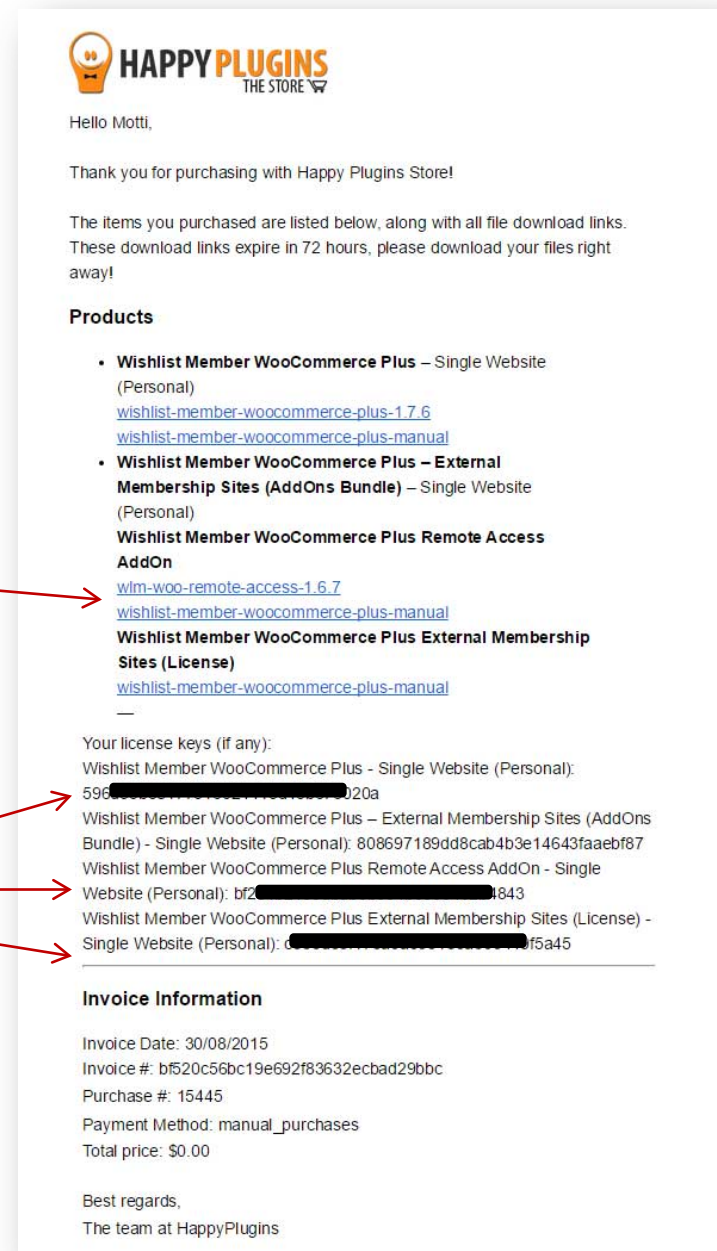

Step #1: Downloading the Add-Ons

The External Membership Sites Add-On **does not** have a zip file, just copy its license key and paste it inside Wishlist Member WooCommerce Plus plugin > Add-Ons tab (we go over this in details on step #3)

The Remote Access Add-On does have a zip file and it can be downloaded from the Purchase Receipt received to your email as seen in the screenshot to your right:

Click to
download the
Remote Access
Add-On zip file

The license keys

Step #2: Installing & Activating the Add-Ons

As written in Step #1, the External Membership Sites does not include a zip file, we go over how to activate its license in Step #3.

The Remote Access Add-On can be installed easily, just like any other WordPress plugin.

You can install the add-on 2 ways:

1. Upload the folder found inside the zip file to your plugins' folder in your WordPress installation
2. Go to the plugins menu, click the "Add New" and choose the zip file you have downloaded

Where to Install the Remote Access Add-On?

The Remote Access Add-On needs to be installed on your **Wishlist Member membership site**

** Every installation of Remote Access Add-On requires a separate license (one license is included in the bundle)*

Step #3: Activating the Add-Ons Licenses

After you have installed and activated the External Membership Sites & Remote Access Add-Ons you need to activate their licenses.

Activating the External Membership Sites Add-On License:

First you need to make sure you have installed and activated Wishlist Member WooCommerce Plus plugin (as explained in the beginning of this guide).

On your WooCommerce website go to the WordPress menu > WL Extensions > Wishlist Member WooCommerce Plus > AddOns Tab > Insert the license key from the purchase receipt to the right field under "License Key" as seen in the screenshot below.

Dashboard Settings Membership Products **AddOns** License Information Support Other Products

Having License Problems?

This can be caused due to the following scenarios:

1. The license key you have entered is wrong – Copy the license key from your account in Happy Plugins Store
2. You have reached your license activation capacity – Please purchase more licenses

You can always buy more licenses for this product at: [Wishlist Member WooCommerce Plus Remote Access](#)

This plugins is developed by HappyPlugins if you don't own a license go to [Happy Plugins](#) store and buy a license key for this product.

Step #4: Setting Up a New External Membership Product

In order to integrate WooCommerce and Wishlist Member and start selling external membership products you need to follow the 4 simple steps below in both your WooCommerce store and your membership site.

Follow these Steps:

1. Login to your **Wishlist Member membership site** and go to WL Extensions > Wishlist Member WooCommerce Plus Remote Access > Membership Levels Products tab (in the WordPress menu)
2. Scroll down to the "Levels Products Settings" option and copy the code of your chosen membership level

Levels Products Settings

Here are the settings of each one of the levels on this Wishlist Member installation. Copy and paste this information into the WooCommerce product settings on Wishlist External Website tab.

FAQS

What version of WooCommerce plugin I need in order the plugin?

You will need to use WooCommerce version 2.3

Can I use only the bundle, without the plugin Wishlist Member WooCommerce Plus?

No, the External Membership Sites & Remote Access Add-Ons are an addition to the main plugin, you must also purchase Wishlist Member WooCommerce Plus for the add-ons to work.

If my WooCommerce Store and Wishlist Member are installed on the exact same domain, will I need to purchase the "External Membership Sites Add-Ons Bundle"?

If both WooCommerce and Wishlist Member are installed on the exact WordPress installation, you will not need the "External Membership Sites Add-Ons Bundle", only the main plugin - Wishlist Member WooCommerce Plus

If my WooCommerce store and Wishlist membership site are located in different sub-domains or files, will I still need to purchase the "External Membership Sites Add-Ons Bundle"?

Yes, because you have 2 different WordPress installations in 2 different sub-domains, you will need to use the add-on.

Can I Purchase More Licenses of the Remote Access Add-On Separately?

Yes, if you need to integrate multiple membership sites and you need more licenses (each membership site requires a license), you can purchase them separately in this link >> [Purchase Remote Access Add-On](#)

It sounds complicated to operate the plugin and add-ons to work with an external membership site, where can I find more information on how to integrate it exactly?

Actually, it is very simple and easy to install and activate all 3 and make them work seamlessly. The process is very quick and requires only 4 simple steps. You can find all the information in this manual.

Does the plugin have any conflicts with other plugins?

As far as we know, the plugin does not conflict with any other plugin. Wishlist Member WooCommerce Plus keeps a very strict code method so the chances that it's causing any problem are very low. If you have any problems or conflicts, please contact the support department.

Does the plugin integrate with every membership site platform?

No, Wishlist Member WooCommerce Plus is a Wishlist Member dedicated plugin.
